YPD PHYSICAL EDUCATION

Who we are

#YPDPE is a forward-thinking and inclusive physical education provider based in Hull and East Riding Area. Our team is composed of informed and highly qualified professionals dedicated to transforming the PE landscape in primary school settings. Our mission is to inspire a generation to embrace health and fitness through dynamic and **inclusive PE programs**.

What we offer

Our services include dynamic **PE curriculum** delivery, the innovative **ActiveSubjects** program, and engaging **extra-curricular activities**. We provide **intervention work** for students who need **additional support** and organise exciting **sports days and festivals**. Additionally, we offer comprehensive support for school staff through **professional development (CPD)** to enhance their understanding of PE, maximising through **data and assessment support**, detailed lesson plans, and **valuable resources**. Our offer is unique for each individual school and your personal needs.

Why choose us

#YPDPE operates within a professional educational framework enriched by our extensive background across primary, secondary, and further education. We believe in the power of "Every Moment Counts" to create lasting impressions and foster a love for physical activity among students. Our team is a close-knit group dedicated to nurturing inclusive learning environments that inspire confidence, teamwork, and lifelong health habits.

- Over 35 hours of delivery

"Since opening in 2020, we have grown and grown working with more children from more communities. We have seen an increase in our #YPDPPartnerships over the last year allowing us to now delivery over 35 hours of sports every single week. This continues to grow each week"

Iwan Heeley (Director)

- Over 200 active children between the ages of 5-16 per week

"Youth Player Development's sole focus is to develop young people through providing positive experiences of sport. We want to ensure all children can access sport despite any barriers! We have seen our football programme grow from strength to strength. Coaching is all about supporting the next generation. We now want to help support our reach even further and have a positive impact more children in primary education settings"

Jordan Douglas (Director)

Our programme caters for anywhere between individually tailored sessions to mixed ability group sessions

"We are extremely lucky to have developed such a strong coaching team here at YPD. Each coach has their own unique story of how sport has inspired them and they are passionate to ensure they pass on the same, if not better experience to ensure sport empowers the new generation!

Myself, as a qualified teacher, working as a PE teacher in both Secondary and Primary Schools, understand how the day to day role of a classroom teacher and the time constraints that come with it and how this can impact your PE development plan. YPD want to support you and your whole school and help to improve your PE offer.

Already working in both education settings, I have a vast understanding of the whole learning journey and can see the positive impact sport truly has. It's proven through research, those who participate in more physical activities in early childhood development stages, are proven to achieve in Secondary and Further Education"

Iwan Heeley (Director)
